RE: Determination of Reviewability (DOR) #18-21

Dear Ms. Boyle:

Enclosed is Certificate of Need #1737 approving MultiCare Health System's exemption request to add 30 psychiatric beds to Navos located at 2600 Southwest Holden in Seattle. The 30 psychiatric beds will be added as allowed under Revised Code of Washington 70.83.260(3). Following project completion, Navos will be operating a total of 70 psychiatric beds at the hospital.

The certificate is not approval for any other local, federal, or state statutes, rules, or regulations. Such a project may also need Department of Health approval for a construction plan and facility licensing or certification, as well as other federal or local jurisdiction permits.

The Certificate of Need is valid for two years. The project must begin during this time. If there is substantial and continuing progress, we may extend the certificate for one six month period. For an extension, you must submit an extension request at least 120 days before the expiration. You cannot begin a project after the expiration date.

This decision may be appealed. Any person with standing may request an adjudicative proceeding to contest this decision within 28 calendar days from the date of this letter. The notice of appeal must be filed according to the provisions of Revised Code of Washington 34.05 and Washington Administrative Code 246-310-610. A request for an adjudicative proceeding must be received within the 28 days at one of the following addresses:

We monitor projects until completed or the expiration date, whichever occurs last. We do this with quarterly progress reports. At least 30 days before the report's due date, you will receive a form to complete and return.

If you have any questions, please contact Janis Sigman, Manager of the Certificate of Need Program at (360) 236-2955.

Sincerely,

Nancy Tyson, Executive Director  
Health Facilities and Certificate of Need
